NUMBER 1

The Enrollment Shows Increase

A New Plan for Classification Is Instituted—Dean Colbert Appointed Chairman.

The Fall Term of the year 1920-1921 opened Tuesday, September 14 with a large number of new faces present. The enrollment at the middle of the second week is 254 which represents an increase over the attendance of last year of over 22 per cent. The students have settled to their work quickly with fewer changes in programs being necessary than usual.

The enrollment for this term should reach 275 or 300 before the end of the term. In addition to the resident work a large number of applications for correspondence lessons are being received and extension classes will probably be organized in Pattonsburg, Trenton, Bethany, St. Joseph, Carrollton, and some point in Platt County with the possibility of other centers later on.

With the opening of the Fall Term we find few changes in the staff of the college.

Mr. H. G. Griffin comes from the Sioux City, Iowa, High School to take charge of the Department of Business Administration and Commerce. Mr. Griffin is a graduate of the Ohio State University and has done graduate work in the University of Chicago. He has been doing practical accounting work during the summer and is now at work on the preparation of a four year course for the training of teachers of commercial subjects in our high schools. He will be assisted by Miss Minnie James, as instructor in Short-hand and Methods in Penmanship. Miss James was connected with the college during the summer session as private secretary to President Richardson. During the past few years she has been instructor in commercial subjects in the Benton High School in St. Joseph.

Miss Mary McLeod is retained as permanent instructor in Physical Education for women. Miss McLeod was with the college during the summer session in the same capacity. For a number of years she has been instructor in Physical Education and Dean of Women, Cornell College, at Grinnell, Iowa.

Negotiations are under way for a new college physician as Dr. J. F. Rogers resigned to accept a position with the University of Missouri.

HIGH SCHOOL FOOTBALL CHAMPIONSHIP TO BE DECIDED BY NEW PLAN THIS FALL.

A new plan has been adopted for determining the football championship in the Northwest Missouri High School association. The district has been divided into four sub-districts. The schools in each sub-district compete among themselves completing their schedule on or before Nov. 6 for championship honors.

The teams having high score in sub-districts play elimination games. The final game between the two high teams will be played Thanksgiving Day. It is hoped this will come nearer to settling the real championship in the future.

A number of new schools are sending in their membership fees to Mr. Swinehart, the corresponding secretary. Prospects seem to look toward a banner year in high school athletics.

Bronze Memorial Tablet Will Be Placed in Corridor Soon.

The bronze Memorial Tablet in memory of our students who died in the World War will soon be placed in the corridor on the second floor.

Out of the total number of our boys in the Service only five: Jessie McCracken, David C. Leavel, Claude Wood, Verne Hefflen and Poe Ewing, lost their lives.

It is right that we should thus honor the memory of these boys who gave their lives to save our country.

First General Assembly Held.

About 200 students and faculty attended the first general assembly of the fall quarter, Tuesday Sept. 21. Miss Margaret James, led the singing, all joined in singing several old familiar songs, after which President Richardson gave the devotional service and made several announcements, as to students activities.

Mr. Kutschinski, accompanied by Geneva Wilfley, gave several violin selections which everyone enjoyed.

Announcements have been received of the marriage of Miss Dorothy Penniston, who was a student here during the summer of 1919, to Mr. Ralph Burnham. The wedding took place in Mexico, Missouri, September 10, 1920.

Mayme Dooley, who teaches in the Public Schools in St. Joseph was the guest of Miss Miller and Miss Brunner Saturday. Miss Dooley is a member of the committee who is remaking the course of study for the St. Joseph Public Schools.

THE CHANCES FOR A WINNING TEAM IMPROVE WITH INCREASE OF ENROLLMENT.

With return of Kirby, the Wells brothers and Puckett the football squad shows increase of pep.

Toward the end of last week the chances of a winning team were small, but due to the efforts of Coach Rice, Pickens and Miller the outlook is far brighter. "Wicked" Kirby, former High School star, enrolled Monday. Along with the Wells brothers, heavy line men; Boatman and Lawton dependable guards; Puckett, Pickens, Miller, and Webb, fast backs and several new men the team is beginning to show first class form.

The schedule for the year is still in a tentative state but Coach Rice predicts the following as the likely list of games:

Oct. 8—Open
Oct. 15—Culver Stockton College—Here
Oct. 22—Chillicothe Business College at Chillicothe
Oct. 29—Westminster at Fulton
Nov. 5—Tarkio—Here
Nov. 12—Warrensburg—Here
Nov. 19—Graceland College—Lamoni, Ia.
Thanksgiving—Open

There seems to be lack of interest in the game among the students for there are not enough men out for the squad. If there are any men in the school with any experience whatsoever they are needed immensely. Show some pep men.

The following is a list of some of the men who have been out this fall: Pickens, Miller, Webb, Puckett, Hayes, Masters, Ellmore, Steiger, Boatman, Kirby, Lawton, C. Wells, Joe Wells, Long, Powell, Mapel.

Get some pep everybody; make this a winning team.

Intercollegiate Literary Contests to Be Arranged This Year.

Mr. Miller of the Public Speaking department is attempting to establish relations necessary for our school to enter the intercollegiate debates and oratorical contests this year. The several colleges of this district take part in these contests each year.

Later, teams will be organized and definite dates secured for meeting other teams. College credits will probably be allowed for all such work. Quite a number of students have already shown their interest in this work. Others interested should see Mr. Miller at once.

Here and There Among the Colleges

OUT-OF-STATE.

Six of the Students of the State Normal School at Bellingham, Wash., climbed to the summit of Mt. Baker recently. The trip is one of the greatest that can be taken in that part of Washington.

The classes of the University of Wisconsin course in Journalism has 163 students enrolled. This course was very popular with newspaper workers or teachers who conduct school papers.

IN-THE-STATE.

Central College at Fayette, Mo., opened last week with the greatest enrollment of its sixty years existence.

September 10, Howard-Payne College opened with considerably over one hundred enrolled. The College should rank as one of the leading Junior Colleges of the State.

Missouri Wesleyan College opened Sept. 6 with an enrollment of 104 in the college.

The Criterion, published by the students of Missouri Wesleyan College has been taken over by an editorial association, and the staff for the year has been elected.

The Kirksville State Teachers College has a new chickering concert grand piano which cost \$2200.

Ten letter men have reported for football practice at Central Missouri Teachers' College. There are thirty-nine on the squad and it is expected a strong team will be developed. The team is scheduled to play the College at Maryville November 6.

The University of Missouri is offering 480 courses this fall. The courses are grouped under fifty-one departments.

Missouri University is to have a humorous magazine, the Showme; the first issue will come out in October. It is to be managed by an organization of students; all the literary and art work being the work of students.

Students who are interested in the papers of other colleges will find them in the library on the magazine shelves. They are placed there as soon as the editor of this column has read them.

Heflin-Evans.

The home of Mr. and Mrs. Sherman Heflin, eleven miles south-west of the city, was the scene of a pretty wedding at 1 o'clock Sunday afternoon, when their daughter, Ruby Heddie

became the bride of James S. Evans.

The Rev. R. E. Snodgrass, pastor of the Christian Church in Maryville, officiated. As Miss Lucille Snowberger played the wedding march from "Lohengrin," the bridal couple entered the parlor and stood before a floral background of house plants. Following the ceremony a luncheon was served in the dining room, the bride's table being centered with pink carnations and ferns.

The bride is one of the popular young ladies of the community, having attended the S. T. C. and later being one of the successful teachers of the county. After a short trip the couple will live on a farm, seven miles southwest of Maryville.

NOTICE TO SUPERINTENDENTS AND H. S. PRINCIPALS.

Since the Courier was adopted as the official organ of the Northwest Missouri High School association, the secretary, Mr. Swinehart has used it as a medium for announcements to the members of the association. On page one of this issue is an announcement which should be read by every high school.

In order to make the paper better serve the association, last year the high school page was instituted. A number of high schools contributed regularly and others occasionally.

Each high school in the district should now appoint a reporter whose duty will be to send news of his school as often as anything of interest has happened. We should receive a record of all games played and of all contests of any kind. Appoint reporters at once and let the other high school know what you are doing.

All news must be in Maryville by Thursday in order to get in the next week's paper.

During the Chautauqua at Meadville, Mo., the students and friends of Maryville State Teachers College living in and around Meadville renewed their friendship and re-pledged their loyalty to S. T. C.

They had a picnic dinner on the ground. After this, President Richardson outlined the plans for the coming years' work.

Harold Demoss, a former student, visited the college Sept. 22. Harold is employed in a bank in Dallas, Texas.

NOTES OF THE DEPARTMENTS.

Art.

The Commercial Art Department this semester is studying a very interesting phase of the work. They are taking up: The designing and color schemes appropriate for a window display; the posters and show cards necessary for the display; direct advertising as used in pamphlets and other matter sent directly to the prospective customer. This course is very helpful to the future business man as it will help him in the advertising of his business. Good advertising means more business and increased profits.

English.

The Freshmen English 11 class is filled to overflowing. No more students can be enrolled for the fall term. Any other students in Freshmen English must take English 12 or 16. Both English 12 and 16 are required English classes and can be taken before 11.

Public Speaking.

The classes in Public Speaking are much larger than usual this quarter. This encourages the Literary Societies for it means better programs and debates.

Dramatic Expression.

A new course in Dramatic Expression under the name of Expression 61a is being offered this term under Miss Dow. This course will be continued during winter and spring terms.

Scenes from plays will be presented in class for criticism and during the spring term special stress will be placed upon the technique of coaching. Biology.

A new electric incubator of an improved type has been placed in the Biology room. It will be used in the study of laboratory cultures in Biology and Bacteriology.

The classes in Gymnastics and Folk Dances, with Miss McLeod as instructor, are meeting as scheduled.

There is also a large class in Plays and Games and much interest is being manifested.
